

# Hatha Light

RL13\_W

## Dynamic Stillness

An exquisite combination of rubber and metal, The Hatha Light is an LED table lamp that bends as human body. With a flexible metal hose embedded in the rubber lamp body, the lamp allows users to adjust The Hatha Light freely at different angle and height to meet various needs.

Adopted with high power LEDs and lens design, the Hatha Light delivers sufficient brightness for reading use, and reach high light efficiency.
